

*Invited Papers* are specially invited by the Editors and represent work by leading researchers in their fields. Also, Invited Papers may report leading-edge research presented at scientific meetings.

The Invited Paper should be structured similar to a Review Paper and will contain the following sections:

Title

Author(s)

Affiliation(s), full address

Abstract

Keywords

Abbreviations list (optional)

Introduction

Background (divided in subsections)

Conclusions / Concluding remarks

Acknowledgement (optional)

References

Short biography with Photo

The length of the Invited Paper is up to 16-20 pages. The style of figures, tables, references, equations etc. are same as for Research Paper (see Template)

The Invited Papers are not subjected to peer-review process but Editorial Board members can suggest some changes and corrections.
